Business Share Account	0.25 / 0.25	Monthly	Monthly	Calendar Month	\$5.00	See Section 5	\$100.00	Average Daily Balance	See Section 6 Account transfer and withdrawal limitations apply.

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Rate Sheet are share accounts.

- 1. Rate Information.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the rates and yields as of the last dividend declaration date which is set forth in the Rate Sheet.
- 2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
- 3. Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Sheet. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
- 4. Accrual of Dividends.** Dividends will begin to accrue on deposits on the business day the deposit is posted to your account. For all accounts, if you close your account before accrued dividends are credited, accrued dividends will not be paid.
- 5. Balance Information.** The minimum balance requirements applicable to the **Business Share** account is set forth in the Rate Sheet. For this account, there is a minimum average daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum average daily balance is not met, you will not earn the stated Annual Percentage Yield. For accounts using an Average Daily Balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period. The **Business Share** account must have an actual balance of \$50.00 in the **Business Share** account on the last day of the dividend period, or have a combined \$50.00 balance in the **Business Share** account, **Business Special Purpose** account, **Business Money Market** account or **Certificate of Deposit** account to avoid the Monthly Maintenance Fee as disclosed in the Fee Schedule.
- 6. Account Limitations.** For **Business Share** accounts, no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by any means of a preauthorized, automatic or internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed.
